

Scarborough Teaching Alliance Conference

Following extensive research in local schools focused on identifying effective ways of improving outcomes for vulnerable pupils in reading, we will share the findings and explore further opportunities for extending research and implementing the lessons learned.

This event will inform you of best practice, case studies and evidence based techniques to help update and improve your strategy.

WE HAVE SECURED FUNDING TO ALLOW TWO FREE PLACES FOR EVERY MEMBER SCHOOL OF THE SCARBOROUGH TEACHING ALLIANCE

There will be an opportunity to bid for £££'s funding towards a school based project – you do not want to miss out.
